51 YEARS OLD

NILES, CALIFORNIA FRIDAY, APRIL 7, 1939

NO. 14

AROUND the TOWNSHIP

Out of the ashes of the old has risen the new Niles Congregational Church. Very appropriately, the dedication services will be held on Easter Sunday afternoon when scores of friends of other churches of the district will gather with the membership of the local congregation.

An impressive program has been arranged for this occasion which will mark another epoch in Washington Township history. It is, indeed, a two-fold reason for glad rejoicing.

Very soon now the Township will boast another new industry with the Stieger & Kerr Stove Foundry Company's plant at Irvington expected to begin operations in about 10 days.

The Reid Brothers property acquired by the new concern has been enlarged and thoroughly equipped for manufacturing of the company's products. Congratulations to O. N. Hirsch and the 49 other residents of Irvington who will witness the fruition of their efforts in making it attractive for the company to bring its foundry to Washington Township.

Vernon Brown, parson of the four Presbyterian churches in the township, has had dealings with all kinds of hot air. One chiefly when he was a high school senior back in Iowa. Some mischievous person had turned off the steam and the school boiler was on the verge of blowing up when Vernon mounted the jittery boiler and aided by the janitor, wielded a crowbar to turn the valve that prevented an explosion.

A recital of this experience to Floyd Gibbons movie shorts won him a cash prize of \$250 last week and a flying trip to Hollywood where he was photographed in the act of taking his check. Incidentally he is also eligible for the \$1,000 grand prize of the year.

Because there are business opportunities in Washington Township, H. O. Hoard, the "fix-it-man" in Centerville has become the first Corrigan commuter of the township. Hoard lives in Oakland and commutes to Centerville daily to his new shop established next door to DeLeon's service station on the town's main street. Incidentally, he is from Texas and is a Spanish-American war veteran, having been drummer with the Company C, 4th Texas volunteer infantry. Some day he expects to move "to the country" but in the meantime he commutes.

Oakland Rotarians Guests At Luncheon During Bulb Show

NILES — Rabbi William Stern was the speaker at the joint meeting of the Niles Rotary Club and the Oakland Rotary Club at the Old Adobe at the California Nursery Company Thursday of last week. Forty members of the Oakland club attended the luncheon served in the Old Adobe and made a tour of the outdoor bulb show following the program. The meeting was arranged by Ed Enos.

Hyland Hinman of Oakland was chairman of the program. Rabbi Iola of Tucson, Arizona, was also a guest. Rabbi Stern spoke on "What's Right with America." He contrasted dictatorships and democracy. He said that Rotary represents the kind of life which the world needs to be demonstrated today. Demagogues are trying to return their people to the age of barbarism and America is the land which has kept back the tidal wave of all evils which beset mankind in this age, he said.

Most Americans are not appreciative of what is in our own land, he continued. Our cherished American institutions of freedom of speech, assembly, press and worship are not fully appreciated. Those who would have us believe that we are goose-stepping into dictatorship express absurdities. Our greatest problems concern our physical condition, namely, debts and unemployment. To cope with this situation we should have a board of financiers, business and professional men to find new means to solve the problem of distribution.

There is no need for hunger and want in a land of abundance. The United States is blessed as no other country from a religious point of view. Religious freedom is the root of the American way of life. Insidious forces in our midst are trying to change our mode of government. We in America will triumph because of religious tolerance and love for one another. These American institutions are those things which are right in America.

NILES — Arrangements for a radio broadcast on April 16, at 12:30 o'clock were made at a meeting of the Junior Chamber of Commerce this week. The script is to be prepared by a committee composed of Ed Enos, J. B. Smith and G. Williamson.

Henry Vervais reported on the breakfast held at the Merritt Hotel on March 31 in honor of the president of the United States Junior Chamber of Commerce who is on a tour of the country to familiarize the various chambers with the work of the national organization. It was decided to have a dance at the Palomar Ballroom on May 6, and to make it a 49'er costume ball.

An appropriation of \$15 was made to enter the softball team in the township league. Lawrence Pine is manager and Henry Vervais the representative on the league committee. The team includes Frank Mayer, Ed Miller, George Medeiros, Clarence Pine, Ed Rose, Jack Noonan, Bill Garcia, Lawrence Pine and Arnold Bellini. Circulate Petition To Annex Territory To Sanitary District

NILES — A petition to attach that portion of Niles between the Decoto Sanitary District and the south boundary of the California Nursery to the new \$100,000 sanitary system of Decoto is being circulated this week.

Half of the necessary 25 signatures to call for an election have been secured. Preliminary estimates indicate an expense of \$63,000 for the 32,000 feet of pipes needed to service the district which would start from the Masonic Home and reach to the Judge J. A. Silva property on the main highway and from the Decoto boundary to the Shinn property on the Creek road. The approximate estimated tax would be \$1.45 for the first year, to decrease each year.

It is probable that a PWA grant for \$35,000 will be sought. Members of the committee circulating the petition are Louis Mayer, J. A. McDonald, Judge J. A. Silva, Ed Enos, Roland Bendel, Henry Enos and C. W. Kraft.

Larger property holders including the California Nursery, the Hotel Belvoir estate, and O. E. Walpert are said to be in favor of the proposition.

THE SPIRIT OF EASTER

Eternal as Spring, the spirit of Eastertide again stirs the hearts of men.

It is the season of Nature's re-birth when all living things seem to join in celebrating the resurrection of the Prince of Peace. It is the season of affirmation when the world is illuminated for a brief spell by a message of hope and an ideal of peace that have prevailed throughout the centuries, even through ages that were dark and violent.

And so shall they prevail through the present troubled times! This Easter Sunday and all past Easters, are symbols of the deathless hold which the Prince of Peace has upon the hearts of all men of good will. For mankind has yet to find a nobler ideal than the one He gave the world to follow. And whatever sections of mankind may for a time turn their backs on that ideal of peace, of fellowship, and the precious worth of each individual soul, will again return to it for there is none better to follow, none which promises more genuine happiness.

The season of Easter announces that truth. Out of the fastnesses of Winter, Nature emerges to awaken the sleeping earth with a floral crown, while to the world Easter proclaims anew that there is no death for the Prince of Peace, nor for His ideal of peace and fellowship, nor for man's hope of bringing that ideal nearer reality.

That hope, eternal as Spring, is born of the Eastertide spirit which again for a time stirs the hearts of men.
